Repeater Committee: John N1BSO reported all seems to be working well with the backup repeater. As we know the Yaesu repeater model which is out of service due to a transmitter issue. John sent the repeater to Yaesu for repair. It cost \$91 to ship it back. A Motion was made to increase the allowance to \$500 which will be the New Business section.

A big **“Thank You”** as always to Jeff and John for all they do for the club and other club's repeaters in the area that you maintain.

NEW & Old Business

Last month a motion was made by **Ross W1EKG** second by **Tom KC1KIT** to spend up to \$400 to send the Yaesu repeater to Yaesu for repair. The Motion passed with a quorum vote. John N1BSO package the repeater up and send it in for repairs. It looks like we could exceed the \$400. Due to shipping.

We highly appreciate their help. We will need help of course with clean up after the lunch and on Sunday. We plan on having 5 stations (5A). 1 CW thanks to **Jim Ford NM1F** and 4 SSB stations. 5A means we are running all 5 stations on back-up power.
