MARSHFIELD FAIR -- SPECIAL ISSUE NEWSLETTER

PRESIDENT'S MESSAGE: This is Paul N1VTI – The Marshfield Fair Amateur Radio Exhibit Booth and Special Event Station was a great success with 28 Whitman Club Members and 2 area HAMS helping to man 65 four (4) hour shift positions over the 10 day period.

Paul Burbine
N1VTI

There were 22 Whitman Club Members and 39 area HAMS who were not able to participate at the Marshfield Fair but were able to check in with **NN1MF** via the 2-Meter Whitman REPEATER. In addition there were 18 area HAMS and 4 Whitman Club members who visited the Marshfield Fair and stopped by and signed the guest log at the Amateur Radio Exhibit Booth.

A special thanks to all the Whitman Club members who volunteered their time and effort to make this year's Marshfield Fair Amateur Radio Exhibit Booth and Special Event Station possible, including those who volunteered for shifts that were cancelled by rain. Our new location is working out very well and we have already begun to toss around ideas on how to make it even better next year.

From: Paul N1VTI

John Coombs WQ1L is shown teaching some of the kids at the Marshfield Fair how to send their names in Morse code. Great fun.

MARSHFIELD FAIR -- AMATEUR RADIO EXHIBIT BOOTH

AND SPECIAL EVENT STATION -- NN1MF

The 143rd Annual Marshfield Fair (first held in 1867) was held on August 20 – 29, 2010. The Marshfield Fair is conducted by the Marshfield Agricultural & Horticultural Society and is loaded with arts and crafts and all kinds of exhibits along with Thrill Rides, Games of Chance, Outdoor Theater Stage, and plenty of Food Vendors.

Some of the exhibits and displays include Demolition Derbies, Truck Pulling, Blues Festival, Motorcross, Battle of the Bands, Racing Pigs, Antique Trucks & Tractor Show, Lawn Mower Racing, Bee Keepers, Blacksmith, Model Railroad, Draft Horses, Clydesdales, Rabbits, Dairy Cattle, Farm Animals, Wood Working, Bird Carving, Chain Saw Carving, Glass Blowing, Pottery, Birds of Prey, Vegetables, Flowers, and Quilts.

Greg Noyes KB1OAW is shown with one of the Giant Pumpkins that weighed in at 1105 lbs.

WORKING BEHIND THE SCENE

Working behind the scene was **Bill Hayden N1FRE** and **Paul Moss KB1MTW** who were coordinating our efforts with Marshfield Fair Director **Bridget Burns** and other Fair Officials.

On the Wednesday before the Fair opened - **Bill N1FRE**, **Paul KB1MTW**, and **Al Drollett W1SM** met with the Fair officials to pick up tickets and to scout out the new location and parking arrangements.

NN1MF is the call sign of the Marshfield Fair Radio Club of Marshfield, Massachusetts. The club was set up by the late **Bob Burns K1RB SK** of Whitman, who was a member of the Fair's Board of Directors and responsible for Advertising and Media Relations.

THE THURSDAY ANTENNA PARTY

The antenna crew set up **Paul Moss's KB1MTW** 2-meter ¼ wave vertical dipole that is mounted inside a PVC pipe about 10 feet off the ground. We had no problem reaching the Whitman REPEATER.

The crew also set up the Club's 3 band diamond 2-Meter / 440 MHz / 6-Meter vertical, also 10 feet off the ground and we monitored the Bridgewater REPEATER. The crew installed the Club's Cushcraft R-5 Vertical.

Paul Moss KB1MTW is shown, with **Al Drollett W1SM** in the background, using the modified Spud Gun Launcher to install a line over a nearby tree. The crew then proceeded to install **Bill Hayden's N1FRE** 135 ft. long off-center-fed dipole "Fritzel" antenna in an East / West direction giving us 40-Meter and 80-Meter capabilities.

FIRST CAME THE ANTENNA CREW

The antenna crew assembled on Thursday, August 18th, the day before the Fair opened, to set up the Amateur Radio Exhibit Booth and Special Event Station **NN1MF**. Shown in the back row L. to R. are **Al Craddock WA1ZKK**, **Jim Tynan KC1JET**, **John Coombs WQ1L**, **Karen Trask KB1UBX**, **Dave Ring N1EA**, **Al Drollett W1SM**, and **Bruce Hayden N1X**. Seated L. to R. is **Bill Hayden N1FRE**, **Paul Moss KB1MTW**, and **Bob Woodbury N1COP**. Also participating but not present when the picture was taken was **Richard Metcalf KB1TEH**.

THE PARTICIPATION WAS TERRIFIC

Bill Hayden N1FRE helped coordinate the filling of the shift schedule, with **Jeff Lehmann N1ZZN** posting a copy on the Whitman Club Web page, **Paul Burbine N1VTI** circulated a copy at the August meeting, and **The Bruce N1X** sent out **Bill's N1FRE** invitation to join this activity to all the Whitman Club members and area HAMS on our E-mail list. We had 28 Whitman Club members and 2 area HAMS who helped staff 65 four (4) hour shift positions over the 10 day period. Those who helped with the Set-up / Take-down and / or signed up for at least one 4-hour shift were:

MARSHFIELD FAIR -- SPECIAL EVENT STATION -- NN1MF

Bob Woodbury N1COP logged in with the 4 pmers on 80-Meters (where he is one of the Net Control Operator) and logged in HAMS from Maine to New Jersey. **Bob N1COP** also made contact with a Special Event Station located at the Iowa State Fair.

Jeremy Breef-Pilz KB1REQ checked in from the top of Mt. Monadnock with a 5 watt handheld.

Bob Woodbury N1COP

Several of the operators had a chance to talk with **Paul Moss's KB1MTW** friends, **Martyn Medcalf G1EFL** who lives in Chelmsford, England and **Koos Scheffer GU0GUX** of Guernsey Island, United Kingdom via EchoLink.

Paul KB1MTW and **The Bruce N11X** and others talked with **Andy Niles KB1RSR**, **Don Burke KB1LXH** and **Greg Glynn W1VFB** and the Boy Scouts at Camp Norse in Kingston during a Merit Badge Mania weekend where it was reported that 6 scouts received their Radio Merit Badge.

Paul Burbine N1VTI made his first contact with **Peter OZ / DL4AMK** in the Baltic Sea.

Paul Burbine N1VTI
John Chase KB1ODS

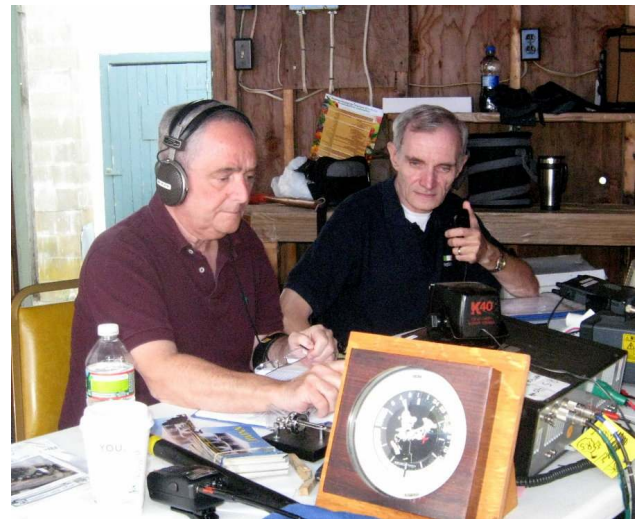

Lou Marcarelli W1XD made contact with **Jesper OX3KQ** in Greenland as **NN1MF**.

The Bruce N11X immediately followed up by making a contact as **N11X** and requesting a QSL card. Got to try to make that one contact a day.

Lou W1XD and **Dave Ring N1EA** were the two HAM operators who made Morse code contacts, helping to keep this traditional mode of operation alive.

John O'Neill KB1QEM made contact with the Indianapolis Motor Speedway Special Event Station **W9IMS**.

Richard Metcalf KB1TEH checked in from Cuttyhunk Island - maritime mobile.

JOHN DILKS K2TQN VISITS THE MARSHFIELD FAIR

John Dilks K2TQN of Egg Harbor Township, New Jersey stopped by to say hello while his family members roamed the Fair.

It turns out that **John K2TQN** is the author of the OLD RADIO or VINTAGE RADIO articles that are published in QST magazine.

Whitman Club member **John Murphy KB1PHN** is a collector of older radios and a faithful reader of **John's K2TQN** articles.

The Bruce NI1X, and several other Whitman Club members, had previously heard **John K2TQN** give a presentation on the 1923 / 1924 adventures of **Don Mix WNP** and the Bowdoin Expedition last April at the **K1USN** club house in Braintree.

FREE RADIOGRAM MESSAGES SENT FROM THE MARSHFIELD FAIR

Free RADIOGRAM messages were sent from the patrons of the Marshfield Fair to family and friends all over the country.

This gave us an opportunity to explain about the National Traffic System (NTS) and how we practice sending routine messages and can switch to sending priority or emergency messages in times of national emergencies.

Karen Trask KB1UBX, on the right, is holding a RADIOGRAM message to be sent to Indiana by **Libby SWL**, a fair patron.

The message was first sent to WARC member **Loren Pimentel N1IQI** who then sent it through the NTS system.

SHIFT CHANGE ON SATURDAY AFTERNOON

Shown during the shift change on the first Saturday afternoon were L. to R. **Dave Ring N1EA**, **Bob Woodbury N1COP** and wife **Patricia**, **Lou Marcarelli W1XD**, **John O'Neill KB1QEM**, **Bruce Hayden NI1X** and **John Coombs WQ1L**. **John Coombs WQ1L** volunteered for the morning shift every day and was usually heard putting **NN1MF** On-The-Air well before starting time.

Ross Hochstrasser W1EKG
with his Racal model RA 17C-12 receiver

An enthusiastic patron operating
the Hammarlund SP-600 receiver

Ross Hochstrasser W1EKG brought in several working receivers for Show and Tell.

Ross W1EKG reported: "The Racal receiver was made in England. It is a model RA 17C-12 which was made for the U.S. market. It covers .5-30 MHz and has the "Wadley Loop" drift canceling oscillator circuit. It weighs in around 70 lbs and has 23 tubes!!! I actually own 3 of these radios and they're all different.

The other ones are an RA17L and an RA 17 MKII/C3. They all look the same and work in the same manner. The previous Saturday I brought a Collins R-390A and this past Saturday I brought a Hammarlund SP-600".

MARSHFIELD FAIR SPECIAL EVENT STATION -- NN1MF

Every effort was made to give all the area HAMS a chance to log in with **NN1MF** while the Whitman Club members were operating the Special Event Station at the Marshfield Fair. The Crew was monitoring the Whitman and Bridgewater 2-Meter REPEATERS and logged in over 200 contacts (including dupes) that included 88 individual area HAMS over the 10 day period.

The Whitman Club Members who were not able to participate at the Marshfield Fair but who were able to check in with **NN1MF** via 2-Meters or HF were:

| | | | | | |

Don Burke KB1LXH and **Greg Glynn W1VFB** of Taunton along with **Andy Niles KB1RSR** of Raynham all checked in with **NN1MF** and put some Boy Scouts on the air. The Taunton Area Communications Group (TACGroup) members were at Camp Norse in Kingston helping scouts qualify for the Radio Merit Badge.

CAUTION -- LOW FLYING BIRDS OF PREY

The long wire antenna was specially wrapped with yellow caution tape so the Birds of Prey would see the wire and not run into it when they were let loose for fun and play in our back yard.

MARSHFIELD FAIR -- JOHN CHASE KB1ODS IS LIVING ON THE EDGE

John Chase KB1ODS is seen standing inside the screened in honey bee cage at the Marshfield Fair and is holding one of the honey comb frames that he had removed from a case on the floor. **John KB1ODS** is a Beekeeper.

There were a lot of bees flying around inside the cage. **John KB1ODS** said – rule number one - don't get the bees excited and there should be no problem. Right – Do the Bees understand ??

John Chase KB1ODS -- Beekeeper

CAN YOU HEAR ME NOW ??

Jeff Lehmann N1ZZN and **Steve Meuse N1JFU** checked in with **NN1MF** from Mt. Kearsarge, in New Hampshire with 5 watts.

Jeff N1ZZN is shown checking out **Steve Meuse's N1JFU** 10 GHz portable station that incorporated a parabolic dish antenna. **Jeff N1ZZN** reported that they made contact with stations as far away as North East Pennsylvania. This took place during the North East Weak Signal 10 GHz and up contest on Saturday, August 21st. They were with three other teams who had set 10 GHz portable stations on Mt. Kearsarge. Coordination was on 144.260 MHz 2-Meter sideband.

Jeff N1ZZN also checked in from Rochester, NY via EchoLink.

The Officers and members of the Whitman Amateur Radio Club wish to take this opportunity to thank Marshfield Fair Director **Bridget Burns** and Marshfield Fair Secretary **Carlton Chandler** for providing us with an excellent place to set up and operate this year.

We were promoting the Marshfield Fair both locally and around the world with our Special Event Radio Station and we were promoting Amateur Radio to the patrons at the Fair who stopped by and visited our Amateur Radio Exhibit Booth. A win win situation.

We look forward to next year.
