**Report to the Membership : Marshfield Fair 2019**

**27 August 2019 Jack Foley N1QE Marshfield Fair Event Chairman**

**We were successful in filling all 20 shifts over the 10 days of the fair.**

**We implemented a few changes this year:**

- Added a sun/wind/rain screen on the South side of the tent
- Rebuilt the NN1MF site on QRZ.com, it has since been updated for the 2020 event
- Used out new club shirt for a more professional appearance
- Created a sheet for visitors to request information from the club on: classes we offer, making a donation to the club, membership & advancement classes, This was put on a clip board for easy of use and so it did not end up blowing into the demolition derby. I will distribute the data collected to the appropriate committees/members.

**I would like to thank our shift operators & setup and takedown crew**

**Some thoughts for next year:**

Have the following items at the fair, frequency chart, also **Ross W1EKG** had an idea of having a scheduled demonstration and discussion on how to become a ham. With that idea I approached the Marshfield Fair and asked about this, it was well received and we will do this twice a day at 15:00 (3pm) and 18:00 (6pm) through the event. This is the “quiet time” at the booth. I will put together a talking point discussion cheat sheet for the membership to assist them in the execution of this idea. This will also get us on the daily schedule of events and more visibility.

Thanks you to all of those that gave us a hand in this club event. Your assistance was appreciated by both the club as well as myself.
